

General Education Pathway/Academic Year 2023-24

UT's General Education (GE) program provides the subject-area knowledge and learning skills foundation for 2- and 4-year degrees. **Core** and **Institution** courses make up the general education foundation. **Breadth** courses give an opportunity to explore various subjects. General education courses are highly advisable for concurrent enrollment students; they are required for college graduation and transferable from one Utah System of Higher Education (USHE) institution to another. *It is possible to complete UT's GE requirements by taking 5 concurrent enrollment classes each, junior and senior year.*

1. Review the class list below with parents and counselors. Follow the instructions, in blue, to select classes in each GE category.
2. Speak with experts about GE choices. 1. Ask a high school counselor which GE classes are offered at your school; ask about other ways to fulfill GE requirements (ex.: AP). 2. Ask UT CE Director Kevin Simmons (kevin.simmons@dixie.edu, 435-652-7671) how course choices fit different certificate and degree programs.
3. Are you ready to become a Trailblazer? *Your journey starts here.*
